PRESIDENT'S REPORT 2017

I have pleasure in presenting the President's Report for 2017.

It has, once again, been a successful and rewarding season, but at the same time provided us with many challenges, especially in the amount of time that our volunteers have to contribute during the season.

I would like to take this opportunity to thank the members of the Rowing Tasmania Committee for their contributions during the year, and all other volunteers of Clubs, Schools and other Rowing Associations that have contributed to our season.

One of the major achievements of the Committee during the season was the finalisation of the new position of State Development and Pathway Officer. This position is jointly funded by Rowing Tasmania, Tasmanian Institute of Sport and Rowing Australia. Because of the generous sponsorship of Hancock Prospecting Pty Ltd to Rowing Australia, this has made additional funds available to the Pathway Program from which we benefit. The services provided by this new position are available to all Clubs and Schools. Grant Pryor was appointed to this position, which commenced on the 1st January 2017.

During the season the new 5 year Strategic Plan was completed and approved by the Committee and circulated to the rowing community. Thank you to Peter Volker and Julian Joscelyne who took the lead on this project, and the other members of the rowing community who contributed. This is a living document that the Committee reviews on an ongoing basis at its meetings where its performance is updated on each criteria.

Congratulations to all rowers who competed at State Regattas and National Championships, where once again our medal tally exceeded the previous year.

Congratulations to Georgia Nesbitt and Sarah Hawe who were selected in the National team and represented Australia overseas, and Henry Youl who represented Australia in the World Rowing Under 23 Championships.

Individual achievements and awards are detailed further later in this report but I would like to take the opportunity to congratulate all who were nominated for these awards.

Congratulations to North Esk Rowing Club who won both the State Pennant and Hydro Cup and to The Friend's School, the winner of the School Pennant. Congratulations also to the individual winners, Clubs and Schools who competed at our State Championships.

Once again, this season there has been continuing development of our own rowing course and facilities at Lake Barrington. The four launching pontoons have now been replaced, the accommodation facilities at Davies Bay Lodge have been upgraded and general repairs and maintenance have been carried out on buildings and grounds.

We also have an ongoing program in place for the replacement or maintenance of the varied equipment that we use for conducting regattas and general maintenance to our facilities.

Once again we have been successful in obtaining a grant from the Tasmanian Community Fund, which is for the re-development of the boat park and the replacement of the boat racks. We would like to thank this organisation for their continuing support, with this particular project resulting in racking to hold twice the number of boats previously provided for.

Life Member of Rowing Tasmania, Jack Ellings, passed away during the season. Jack was a past President of Rowing Tasmania and a staunch volunteer to Rowing Australia and the Reeconian Rowing Club. Jack was posthumously awarded the Order of Australia for his services to rowing, youth and the community.

Our condolences go to the families and immediate rowing families of all other members of the rowing community that have passed away during the season.

At our previous AGM David Schier was awarded Life Member of Rowing Tasmania for his enormous contribution to the sport. Congratulations to David on his Life Membership.

During the season both Jan and Wally Croswell have retired from their duties at the lake, on behalf of the whole rowing community I would like to thank them for their contribution and friendships that we have shared over the years. I welcome Lisa as our cleaner and Rolly as our groundsman and I am sure you will all welcome them in the coming season.

A special thank you to Robert Tenbenschel who has served on the Committee and also on the Executive as our Financial Manager. Robert has resigned his position due to ever increasing personal and business duties, I would like to personally thank Robert for the enormous contribution that he has made during the years especially in finance and governance issues.

Our sport only operates on the generosity of our vast number of volunteers who contribute in so many ways, not only at State level but out there in Club and School land.

Thank you also to:

Mick Goodger, John Oakley and George Homer for their endless work on our facilities and equipment.

Phil Fraser, Tina Maher and Chris Symons and their hardworking band of Boat Race Officials.

Kim Wilson and her tireless gang who look after catering.

Peter Volker our Media Officer for looking after our media releases.

Chris Price from Parks & Wildlife Tasmania, who has assisted us enormously over the years and who will be missed in his retirement.
Judy Mure, (the voice from the tower) for her many years of commentating.
The Somerset Scout & Rangers Group, our boat holders in all weather conditions (now retired).
Brian Brennan and his increasing number of helpers running the Regatta Office and Regattas.
Helene Wood Return Officer and Membership Data processing.
Luke Van Tienen for his work at LBI on landscaping etc.
Fred Slamen behind the scenes man providing us with pictures from the course and communication
Rob and Grant, our staff members who contribute as many volunteer hours as paid hours.
To our State selectors, State coaches, Rules Committee, Boat Drivers and all those other volunteers who put their hands up to cover the endless tasks it takes to run the successful organisation of Rowing Tasmania.

Thank you to our Sponsors:

Bentleys, Veolia, Hydro Tasmania, Community Sport and Recreation Tasmania, Buckby Motors, Decent Rowing.
I would also like to thank our Partners, Rowing Australia and the Tasmanian Institute of Sport.
I also wish to acknowledge and thank for the support given to us during the season from – MAST, Sport and Recreation Tasmania, Parks & Wildlife Tasmania and Kentish Council.

Once again, Rowing Tasmania is host of the Australian Masters Rowing Championships for 2018, we are looking to showcasing Lake Barrington International Rowing Course to the Australian rowing community. This will also give Clubs and Schools the opportunity volunteer for this major event and subsidise their fundraising for the coming season.

James S Gibson

ROWING TASMANIA INCORPORATED
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED 30TH JUNE, 2017

1. STATEMENT OF ACCOUNTING POLICIES

These financial statements are a special purpose financial report prepared for use by members of the Association in order to satisfy the financial reporting requirements of the Associations Incorporation Act (Tas) 1964

The Committee has determined that the Association is not a reporting entity; therefore the financial statements are prepared on an accruals basis from the records of the Association only. They are based on historical cost and do not take into account changing money values or, except where specifically stated, current valuations of non-current assets. No regard has been paid to Accounting Standards and other professional reporting requirements (Urgent Issues Group Consensus Views) in the Preparation and presentation of these financial statements.

2. INCOME TAX

The Association's income is exempt from income tax pursuant of Section 50-45 of the Income Tax Assessment Act 1997. All figures recorded in the Financial Statements are net of Goods & Services Tax (GST)

3. CASH

	<u>2017</u>	<u>2016</u>

	<u>1,714,956</u>	<u>632,435</u>	<u>1,082,521</u>

In November 2005, the Department of Tourism Parts Heritage and the Arts ("the Crown") gifted to Rowing Tasmania Inc. by deed, various assets within the complex known as the

ROWING TASMANIA INCORPORATED
NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED 30TH JUNE, 2017

outdoor pursuit Centre at Lake Barrington for nominal consideration of \$1. These assets included non-fixed assets together with the water infrastructure of the rowing course.

The Committee has not assessed the fair value of these assets due to the difficulty in obtaining a reliable method of valuation. In the Committee's opinion the fair value of this equipment on an alternative use basis would be minimal due to the specific nature of the equipment and the cost of dismantling and relocation. Accordingly, the fair value of these assets is not reflected in the Balance Sheet of the Association and the value of the gift from the Crown has not been included in the retained earnings of the Associations.

5. GOVERNMENT GRANTS

The government grants received during the year are recorded on cash received basis.

Date: 18 August 2017

ROWING TASMANIA INCORPORATED
STATEMENT ON BEHALF OF THE COMMITTEE
FOR THE YEAR ENDED 30TH JUNE, 2017

In the opinion of the Committee:

- a) The income and expenditure statements for the administration account, state teams, Easy Oar Cafe attached hereto are drawn up so as to present fairly the results of the activities of the Association for the financial year ended 30th June 2017.
- b) The balance sheet attached hereto is drawn up so as to present fairly the state of affairs of the Association as at 30th June 2017.

Signed on this 25 day of August, 2017

James Gibson
President

Robert Tenbenschel
Finance Manager

Two handwritten signatures in black ink. The top signature is for James Gibson, and the bottom signature is for Robert Tenbenschel. Both are written in a cursive, flowing style.

Independent Auditor's Report

To the Members of Rowing Tasmania Inc

Report on the Audit of the Financial Report

We have audited the financial report, being a special purpose financial report of Rowing Tasmania Inc (the Association), which comprises the balance sheet as at 30 June 2017, the income and expenditure statements for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the statement on behalf of the committee.

Opinion

In our opinion:

- (a) the accompanying financial report presents fairly, in accordance with the accounting policies described in Note 1 to the financial statements, the financial position of Rowing Tasmania Inc as at 30 June 2017, and its financial performance for the year then ended;
- (b) we obtained the information we required for the audit and Rowing Tasmania Inc kept proper accounting records and other books during the year ended 30 June 2017; and
- (c) the rules relating to the administration of the funds of Rowing Tasmania Inc have been observed.

Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the committee's financial reporting responsibilities under the *Associations Incorporation Act (Tasmania) 1964* ("the Act"). As a result, the financial report may not be suitable for another purpose.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the auditor independence requirements of the Act and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Committee for the Financial Report

The committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with the accounting policies described in Note 1 and the Act and for such internal control as the committee determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Synectic Audit & Assurance Pty Ltd

Director

Date: 18 August 2017

Regatta Manager's Report 2017

A good season with entries slightly down but equivalent to the previous year. The number of entries in regattas was sometimes up, and sometimes down. This was mainly due to some schools choosing to attend certain regattas, but not all. Overall it was a good season with only a small amount of racing missed due to weather.

Seats per Regatta Summary

	SP1	SP2	SP3	SP4	SP5	SP6	Champs	Yr. Total
2016/2017	738	1157	1289	1968	1685	1829	1729	10395

2012/13	1214	1067	1468	1823	1717	1960	1594	10843
2011/12	823	1006	1335	1690	1960	1998	1825	10637
2010/11	678	1297	1457	1704	1759	2159	1715	10769
2009/10	883	1281	1590	1959	1385	1806	1578	10482
2008/9	854	988	1446	1606	1426	1740	1491	9551
2007/8	804	1539	1488	755	1411	1581	1605	9183

The IT environment developed considerably throughout the season thanks to the efforts of Fred Slamen who made it a personal project. The development of an intranet, permitting electronic relay of results from the finish tower to the central office, allowed for efficient and speedy display of results. The NBN is now in place, or soon will be, so further developments will be possible next season.

The continued support of the Ulverstone Scouting group in manning and womaning the boat holding at the start was greatly appreciated. Rain or shine, they were there doing their bit – a great effort. The club support of the rostering of other jobs – boat driving and numbers – was also very efficient with volunteers coming forward at all times. This is a critical task and the regatta cannot proceed without this support. The assistance of Peter George in organising the boat driving roster is greatly appreciated.

The Regatta Management database – rp7 – continues to be an extremely efficient regatta organiser which enables all the paperwork to be achieved efficiently and quickly. We have been working with the programmer behind this software and he is planning to work on a rowing score similar to the one used here to simplify the seeding process. I look forward to him having some success in this area.

Finally, thanks again to the many hours provided by the on-water Boat Officials and Referees and to the many people giving time to help in the Office. The time provided by all the volunteers helps the Regattas run as smoothly as they do. A regatta would simply not happen without the support and generous offer of time from these people. In addition, as all our regattas are now managed by Rowing Manager and rp7, a number of other volunteers have up-skilled in the office so that they are available for other non-pennant regattas such as Schools regattas and Masters regattas, as well as the odd occasion where Bernadette and myself are unable to be present.

Executive Officer's Report.

Once again it has been a very busy rowing year both on and off the water with Rowing Tasmania (RT) undertaking many projects both large and small. This allows our sport to be in my opinion well-resourced and be in a strong position for the future in so many areas, including the facilities at Lake Barrington, our volunteers, Boat Race Officials, Staff and the relationships with not only our sponsors but our partners including Rowing Australia, The Department of Sport & Recreation, The Kentish Community and Rowing Australia.

As mentioned in the Presidents Report our facility at Lake Barrington has also been a busy venue with a very successful rowing season, the Dragon Boat and Canoe bodies also using the course and the motorsports fraternity conducting a number of hill climbs. Both the Davies Bay and Barrington Lodges have had an increase in usage from not only rowing but also community groups and members of the Public. This year we also had a wedding in the Reeconians Centre which could be the start of a new market for the Complex. In late November of 2016 Parks and Wildlife installed a Traffic Counter at the top of the entrance road and this has given Rowing Tasmania information on the number of vehicles that attend regattas and also an overall number of cars that drive into the complex. The biggest regatta was North West Schools with 1589 vehicle movements over the two days, the Head of the River had 1167 vehicle movements for a one day regatta and for the 6 month period there was a total of 13700 vehicle movements in total coming into the complex. At the time of writing the Boat Rack Replacement Project is well underway with the rack construction nearly completed and the first pod will be in the ground from early September with a completion date by the Australian Masters Games in late October. I would like to acknowledge the generous support the Tasmanian Community Fund plus Chris Symons for the design and layout of the site and Mick Goodger for his counsel and ongoing assistance. The old racking (35 plus years) held approximately 200 boats and we will end up with a capacity of just under 400 boats which will allow for future growth and a lifespan which may well exceed 40 years. Our long time caretakers Jan and Wally Croswell have both made the decision to "leave the Lake" with Wally retiring and Jan having a change of direction, I would personally like to thank them for not only their years of services but also for being a part of the rowing family and we look forward to seeing them both at our regattas into the future. I would like to welcome Lisa-Marie Hayward and Rolly Oceans and I am sure they will both enjoy their time at Lake Barrington.

In regards to the Strategic Plan one of the areas that was identified in the consultation phase of the project was "communications", our social media platforms are showing continual growth and reach. Our website once again has had a solid year with visits increasing and information being updated regularly. The news section of the website plus emails to clubs and schools is the primary method of communication and I would urge the Clubs and Schools to distribute this information to your respective membership as you receive it so the information is seen in a timely manner by the members. Rowing Australia, The Tasmanian Institute of Sport and Rowing Tasmania have entered into a unique partnership agreement in regards to the Tasmanian Pathway Program which is a "customised" state based program and is designed to develop and give young athletes the opportunity to progress in the High Performance Pathway Program. Grant Pryor has joined RT as the State Development and Pathway Officer and he will be working alongside the TIS and Rowing Australia, our clubs, schools and coaches to support our athletes to realise their representative goals. I would like to thank Rowing Australia's CEO Michael Scott, Jaimie Fernandez Deputy Performance Director, Rowing Tasmania's Grant Pryor and the TIS's, Alisa Denne, Brendan Long, Brett Crow and the Institute's Director Paul Austen for their involvement in this exciting partnership.

Previously I mentioned the relationships that RT is establishing and we are fortunate to have MaST as a partner who has a keen interest in the safety of both our athletes and coaches. Over the last twelve months there has been a number of instances, primarily in regards to lighting on both rowing shells and coaches boats not being to the recommended standard. I would urge all Clubs, Schools, Coaches and athletes to make sure that you can be seen and to appreciate that there are other users of the States waterways and you have a duty of care for the safety of yourself, your fellow club members and from a coaching perspective the athlete(s) that you are coaching. During the coming six months there will be the opportunity for the rowing community to have input into a review of lighting for rowing shells. MaST once again have requested from all Clubs and Schools and updated Safety Management Plan for the coming season.

It is a dangerous practise to individually thank those that are involved in our sport so I will thank all of you who are involved in our affiliated clubs, schools, our supporters, staff, parents, BRO's, coaches and athletes for the many hours that you put into our sport.

We have a sport that is well resourced and I would suggest be the envy of many other sporting associations.

Rob Prescott.
Executive Officer
Rowing Tasmania Inc

State Development and Pathway Officer Report 2017

State Pathway Program

Following Rowing Australia's review post RIO Olympics 2016, a bespoke Pathway Program was implemented in each state. In Tasmania the three partners, RA-RT-TIS designed a program to work with schools and clubs to enhance the development of young athletes and to give those athletes the opportunity to progress their rowing careers to the highest level.

Presentations of the State Pathway Program were delivered at forums in Hobart, Launceston and Ulverstone. The key components of the program are, Club & School based participation, Talent Identification, Talent Squad Selection and NTC Development Squad selection.

The role of SDPO includes working with clubs & schools to bring students into club based programs, assist with daily training environment, identify & prepare Tasmanian athlete rankings, assist development of athletes to progress to the Talent Squad & NTC Development Squad, plan & coordinate coaching seminars and oversee Coach Accreditation.

Talent Squad Selection

SDPO prepares annual athlete ranking data for a minimum of 40 underage athletes and presents a recommendation list of the top 10 male & female athletes to State Pathway Program partners for consideration of inclusion in the Talent Squad.

Recommendations are based on outcomes from NTID testing, regular 30 min. ergometer monitoring (IPM), 2K ergometer test results and assessment of performance at Regattas, Time Trials and Camps.

This year sixteen underage rowers have accepted offers to participate in the Talent Squad. The successful athletes are Nick Cash, Jared Weisse, Jack Barrett, Joseph Wilson, Angus McGlashan, Connor Ryan, Lars Gillingham, Chris McGuinness-Terry, Lucas Wigston, Nat Graham, Amy Bain, Rebecca Bye, Amelia Chilcott, Kate Hall, Katie King & Lucy Southcott.

Tasmanian Interstate Regatta Team

Rowing Tasmania Board endorsed the selection of the following crews, scullers, coxswains and coaches to represent Tasmania in the Interstate Regatta at Sydney International Rowing Centre, Penrith NSW on Sunday 2nd April 2017. Lloyd Luck was appointed Team Manager.

- Women's Youth Eight (6th) – Ali Gruber (cox), Anneka Reardon, Madeline Tippet, Madeline Greenhill, Lauren Conway, Romy Keppel, Lilli Reardon, Lilli Wrigley & Hannah Tippet. David Tippet & Neil Stump (coaches)
- Men's Youth Eight (6th) – Sam Williams (cox), Nat Graham, Connor Ryan, Nick Cash, Jack Barrett, Angus McGlashan, Carl Doedens, Lars Gillingham & Jared Weisse. Brett Crow & Barry Townsend/Trevor Barrett (coaches)
- Lightweight Men's Four (5th) – Mathew Byrne, Alec Paterson, Oliver Marsden & Jacob Crow. Brett Crow (coach)
- Women's Scull (4th) – Georgia Nesbitt. Paul Newbon (coach)
- Men's Scull (5th) – Wilson Mure. John Driessen (coach)
- Women's Para Scull (2nd) – Emma Jago. Jenna Driessen (coach)
- Men's Para Scull (4th) – Alistair Chong. Mark Stott (coach)

National Underage Selection Trials

Following the Australian Rowing Championships in April several Tasmanians attended trials at SIRC for National Team selection later in the month.

Henry Youl trialed for Men's U23 team, Nick Cash, Jared Weisse, Lars Gillingham, Jack Barrett, Joseph Wilson & Connor Ryan for Men's U19 team plus Amelia Chilcott & Meg Messer for Women's U19 team.

All athletes gained valuable experience and acquitted themselves well at trials.

Although initially missing selection in a sculling boat, Henry Youl was subsequently invited to further trials and gained his second successive selection in the Australian U23 Team as stroke of M U23 4+, finishing a creditable fifth at the U23 World Championship.

At Junior Trials, Buckingham's Nick Cash & Jared Weisse reaffirmed their National Junior Pair Championship status. Unfortunately the pair's winning time was short of the selection benchmark, but they were invited to further trial against the eventual Australian Junior Four representative crew.

Similarly, after missing selection in the Junior Quad, Ulverstone's Joseph Wilson & North Esk's Jack Barrett were also invited to further trial against the Australian Junior Double representative crew (who have recently become 2017 World Junior Champions).

State Team and Winter Development Camps

In conjunction with our new pathway partners from TIS, we have conducted three camps this year. In January, some 33 nominees attended our State Team Camp conducted at Lake Barrington, a change of venue from recent years. State Selectors decided to conduct a pairs matrix as part of the selection process, determining LBI as most suitable venue given fairness of buoyed lanes, accurate timing capabilities and team accommodation facilities.

In a further departure from past norms, our two Winter Camps this year have been by selective invitation rather than open attendance basis, providing a more performance focused group. Athletes whom were part of our 2017 State Team were extended invitations together with the top 20 ranked underage athletes from the previous season. Additionally, coaches were requested to nominate other athletes whom were undertaking suitable winter training programs and considered potential Talent & NTC Development Squad members. A third camp (single sculls) is scheduled for September 9th- 10th coinciding with the conduct of the inaugural Head of the Lake long distance eights event at Lake Barrington.

We would like to extend our appreciation to clubs who loaned equipment and to coaches, chaperones and helpers whom availed their valuable time to make the camps successful.

Junior Pathway Camp

Our camp for eligible U19s will again be conducted during Term 3 holiday break, October 7th – 8th at Lake Barrington. This camp will be open invitation although numbers will be limited to approximately fifty athletes + coxswains & coaches. The camp is an initiative to encourage more of our top U19 School Rowers whom have demonstrated their potential during the past rowing season via Regatta performances, Talent Identification and Individual Performance Monitoring, to consider high performance rowing pathways.

Rowers will train with their peers, be exposed to a range of other coaches and generally gain a better understanding of the further rowing opportunities available to them.

We also see Junior Pathway Camp as an opportunity to develop closer relationships between clubs & schools.

Coach Education

Rowing Australia Level 1 Coach Accreditation is now available on-line, allowing aspiring coaches access to the accreditation process at their own convenience. Nationally 680 participants have enrolled with 561 (83%) having completed the course to date.

Level 2 transition to an on-line system is currently in early stages of development, in the interim RT will continue to deliver Level 2 courses.

In July RT presented our first "Introduction to Level 2" course at Lake Barrington with 18 participating coaches. This Tasmanian initiative seeks to provide a more inclusive learning experience for participants, in a two day live-in camp environment. We are confident of increased completion outcomes for the Level 2 accreditation course as a positive consequence of this new approach. Participating coaches came away from the weekend having achieved the "Tasmanian Intermediate Coaching Certificate" and are well equipped to subsequently complete RA Level 2 at their own pace.

Quality presenters were a feature of the course which included sessions on Safety, Flexibility & Core Strength, Rigging, Rowing Technique and Preparation of Effective Training Plans. Additionally, group sessions were conducted on-water (coaches coaching coaches) plus fault identification and correction.

Our sincere thanks to course facilitator, Jim Guy and presenters Annabel Gibson, John Driessen, Brett Crow, Rob Prescott and Ken Davey.

Tasmania currently has 85 Nationally Accredited Coaches, with a further 18 now pending Level 2 completion. Another "Introduction to Level 2" course is in planning for October.

In conclusion, I would like to sincerely thank the Board of Rowing Tasmania for their confidence and trust in appointing myself to the position and for the ongoing support of the Board, President Jim Gibson and Executive Officer Rob Prescott.

Grant Pryor

As TSRA Delegate to RT Council I have attended all Council meetings except when overseas.

I have continued in my RT Council role as nominated School Rowing Coordinator, including providing Regatta Secretary support to the Sports Association of Tasmanian Independent Schools for the Head of the River Regatta.

With Peter Volker, I also assisted in coordinating the process to develop the RT Strategic Plan.

TSRA Regatta Program

The 5-regatta TSRA program was again very successful, with the Junior Sculling regattas providing additional competition for our U13, U14 and U15 rowers. Rower numbers and participation for the season were:

Regatta	JSC&R	SJSR	Sthn Schools	NW Schools	Championships
# Schools	5	10	18	30	30
Athletes	153	226	430	629	669
Entries	276	381	692	1052	872
Seats	536	715	1386	2151	2022

TSRA Schools Championship Regatta

As noted above, this was a very large regatta, with heats on the Saturday and finals on the Sunday. It was excellent to see 30 schools represented, and the 176 race program was achieved thanks to good weather and excellent support from boatrace officials. Using the NW Schools Regatta as a qualifying regatta for single sculls entries assisted in making the program manageable.

Congratulations to St Michael's Collegiate School on winning both the Schools Board Shield (Junior Girls) and Megan Heritage Cup (Overall Girls') trophies, to The Friends' School on winning the TSRA Shield (Junior Boys') and The Hutchins School on again winning the Mercury Cup (Overall Boys'). Special mention should be made of the Launceston College squad, winning the Jack Jeffries Shield (Schoolboys' Quad Sculls), Bourke Cup (Schoolboy Fours, Firsts) and the John Campbell Shield (Schoolboy Eights). In the girls' events, Launceston Church Grammar School won both the APPM Shield (Fours Firsts) and TSRA Shield (Fours Seconds), with The Friends' School winning the TSRA Shield (Schoolgirl Eights). At the beginners' end of the program, mention should be made of the Sheffield U13 girls winning the Cliff Hutton Shield for U13 double sculls.

SATIS Head of the River Regatta

Rowing Tasmania provided Regatta Secretary and Field of Play management for the 101st Head of the River, rowed in near perfect conditions on 18th March. It was excellent that a full program could be raced after a weather affected event in 2016.

In the Schoolgirls' Eights The Friends School rowed strongly throughout the race to hold off Launceston Church Grammar School who finished in second place by a narrow margin of just over 2 seconds with Fahan School in third position.

The Hutchins School took out their fourth consecutive win in the Schoolboys' Eights in a very fast time of 5.54.12 to hold off a very strong Scotch Oakburn College challenge by less than 2 seconds followed by The Friends School in third place.

In the Under 16 Eights Scotch Oakburn College took out the boy's event while St Michael's Collegiate School won the girls' race.

TSRA 2016-17 School Registrations

Member schools for the 2016-17 Financial Year were Devonport High School, Dominic College, Don College, Elizabeth College, Fahan School, The Friends School, Guilford Young College, Hobart College, The Hutchins School, Launceston Church Grammar School, Launceston College, Mt Carmel College, Newstead College, New Town High School, Ogilvie High School, St Brendan Shaw College, St James' College, St Mary's College, St Michael's Collegiate School, St Patrick's College, St Virgil's College, Scotch Oakburn College, Sheffield District High School and Ulverstone High School.

Non-member schools whose students rowed included Hellyer, Queecy, Riverside, Rosny, Star of the Sea and Taroon.

The Committee note that we now have a much more comprehensive members register, are copying in school sports staff to all relevant emails, and thus have a much clearer relationship between TSRA and schools. The 2017 AGM approved an amendment to the TSRA Constitution which will require schools to be members of TSRA in order for their enrolled students to participate in TSRA regattas. As noted above, 24 of the 30 schools represented in 2016-17 are members, and this will give a direct relationship between schools and the TSRA, improving duty of care and the transparent commitment of schools to the TSRA Constitution and Regatta Rules.

TSRA Regatta Management

Thank you to Karen Bain on doing a fantastic job as Regatta Secretary. Managing the regattas using Rowing Manager/ Regatta Pro 7 (RP7) for the second season worked very well, and we were able to arrange soft-copy certificates for all winning crews in the three major TSRA regattas.

Karen is to be commended on her efforts to encourage composite crews, particularly in giving opportunities for eights, and to ensure younger rowers were not left “on the bank”.

TSRA Committee Business Management

The Committee has been active and effective in managing the program, and in dealing with a small number of issues which arose. The Constitution requires that the Committee meet at least twice between October and April of each year. The Committee met on 10 December, 28 January, 18 February and 1 June.

The TSRA Financial Year is 1 June – 31 May. At 31 May 2017 the Association had no outstanding debtors or creditors, and holds an operating reserve which allows some support for improved infrastructure for regattas. Management of the Association’s financial transactions has been moved from cheque book to on-line banking which has improved efficiency, provides better descriptors of transactions and also provides more immediate opportunity to encourage payment of invoices by overdue Debtors.

TSRA 2017-18 Committee

At the AGM on 19 August the following were re-elected:

President and Delegate to RT Council	Julian Joscelyne
Vice-President	Katie Duncan
Secretary	Karen Bain
Treasurer and Public Officer	Peter Gibson
Northern Representative	Andrew Smith
Southern Representative	James Dalton

Karen Bain was re-appointed as Regatta Secretary.

Considerations for the 2017-18 Season

The 2017 TSRA AGM endorsed the following priorities:

- A paramedic ambulance presence at all TSRA regattas
 - Funding support for an upgrade to the Finish Camera software and its integration with RP7
 - Purchase of additional Buoys and associated tackle to improve definition of the Franklin course (which would be available for other regattas)
 - Possible funding for a new rescue boat, noting RT advice that the Patterson is not in a condition to be transported by road, meaning TSRA would have only one RT rescue boat available for the Southern Junior Sculling and Southern Schools regattas.
 - Supporting initiatives to increase the number of qualified boatrace officials, particularly for school regattas, including a well-structured information/pathway resource developed by RT in consultation with TSRA to be available before the 2017-18 season.
 - A re-structure in the order of events at TSRA regattas in consultation with RT to ensure adequate time between events for same-age rowers and to address some equipment sharing/turnaround issues experienced this season.
-

- A published information package and program for the Junior Sculling Camp, including a pre-registration arrangement for the discrete activities, and to give more prominence to the coach-the-coaches opportunity provided.
- Support for a re-introduction of development sessions in the North and South with a focus of some on novice/parent/volunteer coaches.

Acknowledgments

As I have noted, the Committee has worked competently and effectively. I Thank Katie Duncan (Vice President), Karen Bain (Secretary and Regatta Secretary), Peter Gibson (Treasurer and Public Officer), Andrew Smith (Northern Representative) and James Dalton (Southern Representative) for their contribution, counsel and support.

Julian Joscelyne

President, Tasmanian Schools Rowing Association

TSRA Delegate to Rowing Tasmania Council

Masters Commission Report.

FORMATION

At a meeting of representatives of most Tasmanian Rowing Clubs held at Ross on 14th August 2016, it was resolved to support the proposal of Rowing Tasmania (RT), for the formation of the Master's Commission. Those present also resolved that the Commission comprise one representative from each club, and that a representative of Rowing Tasmania be delegated to act as secretary to the Commission. These resolutions were accepted by RT, and during the remainder of 2017, members from every club were appointed to the Commission.

The inaugural Commissioners were:

Lindisfarne RC	David Banks
Ulverstone RC.	Kim Badcock- Andrew Streeter**
Sandy Bay RC	Chris Potter
Mersey RC	Merv Tippet
Tasmanian University RC	Jacqui Hope
New Norfolk RC	John Bannon
Glenorchy RC	Jane Eldershaw
DMCRC	Sam Mollard
Buckingham RC	Lisa Burstall
Huon RC	Lisa Cooper
Tamar RC	Fenton Jones
North Esk RC	Brian East

**Andrew was replaced by Kim Badcock due to his election to the RT Board and nominated as the Board Delegate and Secretary to the Masters Commission

COMMISSION'S AGENDA

- The development of a points system for a State Master's Pennant is under consideration.
- Considerable progress has been made with changes and additions to the programs for races at State Pennant and Championship Regattas, for the benefit of masters.
- Selection Policy. (see below)

SELECTION POLICY

Thanks mainly to the hard work of a sub-committee formed to examine and recommend changes to the policy, a revised Selection Policy document has been in place for 2016-2017. The members of this committee were Chris Potter, Fenton Jones and Michele Duffy. It seems fair to comment that this remains an area of controversy, and it would not be surprising to see the issue on the agenda of the next meeting. The policy document has previously been provided to RT.

SELECTIONS.

Nominations for Master's representative crews were limited, and one "self-selected" nomination from Tamar RC was withdrawn before the scheduled race-off. The only crew selected to represent Tasmania was for the Interstate Women's Quad. The crew comprised Jill Johnstone, Kim Badcock, Andrea Rippon and Cath Hughes. The crew acquitted itself well, being "in touch" with crews in front of it and a considerable distance in front of the crew following it. The time they recorded was not only creditable, but was such that it would have resulted in their achieving a medal in previous years. It is hoped that Tasmania will be represented in all (four) Interstate event at Lake Barrington next May.

OTHER EVENTS.

Tasmanian Masters were present in good numbers at Lake Karapiro in April at the World Masters Games. All those present performed at or above expectations, and many of our athletes won and otherwise medalled in various events.

Similarly, Tasmanian clubs were represented in many events at the Master's Championships at Ngambie Lakes in May, although numbers were reduced because not all rowers had returned from New Zealand. Again, considerable success was enjoyed by our members. The medal hauls were so great that listing the successful competitors at either or both regattas would be a process too lengthy to undertake

Sam Mollard
Interim Chair.
